Imperfectio modern sofa is the expression of imperfect aesthetic, the appeal of authentic art that is truer to life. An accent sofa that praises artisanal work as the ultimate form of art that is quite intentionally imperfect. Through its unique existence and shapes, the modern sofa determines its history. The irregularities and flaws over the manual hammered brass expose the beauty of imperfection.

Blakey Suspension Lamp is a hanging lamp, which mirrors the era of mid-century modern design. It shows a symbiosis between a strong presence to highlight a space and the simplicity of the shapes, and their proportions adjusted to the reality of our day. It is presented in its standard version in a matte black structure, with shades and the central sphere highlighted in gold, to achieve greater elegance.
